PUBLIC NOTICE

IMPORT TRADE CONTROL

New Delhi, the 22nd June, 1954

SUBJECT.—*Classification of Road Vehicular types of diesel engines.*

No. 58-ITC(P.N.)/54.—In the Public Notice No. 30-ITC(P.N.)/54, dated the 22nd March, 1954, it was notified that diesel engines of all types including Road Vehicular type are correctly classified under Serial No. 30/II of the Import Trade Control Schedule. That Public Notice only restates the classification already shown in the Red Book for the January-June, 1954 licensing period. It is, however, understood that at some ports road vehicular type diesel engines have been allowed to be cleared against licences issued under Serial No. 297/IV during the July-December, 1953 period. This is contrary to the intention of the Government of India and Customs have accordingly been advised that no imports should be allowed in future of road vehicular type diesel engines against outstanding licences issued under Serial No. 297/IV.
